- Penn State University
- Washington State University
- University of New Mexico
- University of Minnesota
- Gardner-Webb University

Entertainment

- Clear Channel Communications, Inc.
- National Public Radio (NPR)
- Paramount Pictures
- Sci-Fi Channel
- Tune Grabber

Government

- U.S. Drug Enforcement Agency (DEA)
- U.S. Department of Justice (DOJ)
- Republican National Committee (GOP)

Clients that have grown with Digi-Net and continue to expand their online communication presence include, Verisign/Thawte, Sun Microsystems and the State of Ohio Educational System (OHIOLink).

“Our continued market success is driven by the active role taken by our customers in guiding the future direction of our products,” said Mark Hynes, Digi-Net President. “We are proud to be one of the leading chat software and e-commerce solution providers in the industry and we thank our customers for helping us develop products that address widespread business and communication needs.”

The Juilliard School, located in New York City, has set the standard for education in the performing arts. They selected DigiChat as their exclusive online chat provider.

“Our intention is to be more accessible to those prospective students unable to visit our physical campus,” said Geoffrey Scott, The Juilliard School, Assistant Director of Recruitment. “The implementation of DigiChat will provide the perfect vehicle for present day faculty and students to share their experiences with future prospects.”

Digi-Net develops and markets its communication and collaboration software and services in two major industry segments: online community building and electronic commerce. DigiChat and Groopz E-Commerce are the cornerstone products for these two segments, respectively.

About Digi-Net Technologies, Inc. –
